

**NOTICE TO OPERATORS**  
**ALL SUBURBAN/PARK & RIDE LINES**  
**Effective February 15-26, 2010**

Due to city engineers monitoring traffic volumes, intersection movements and vehicular patterns, the Broad Street Bridge will be closed between the dates listed above. While on detour, operators are reminded that customers should be picked up and dropped off at all posted bus stops along the detour route (Main Street, State Street, Chestnut Street).

Operators should refer to the notice dated 2/9/10 for detailed detour instructions for all lines affected.
